

# Manage

## Onsite Management & Solutions

Let TR Global Events manage every part of your event. Our logistical planners will ensure nothing is left to chance, we will work tirelessly to ensure that everything runs smoothly.

### Hospitality Consultancy Services

Our experienced team of hospitality professionals are available to consult in event management, sales and marketing, operations, hospitality and catering at whatever level our clients require.

### AV & Entertainment Procurement

We can take care of your Audio Visual requirements; whether it's simple back projection or larger wrap round pre-mapped set, we can assist you ensuring your voice and brand power is strong and undiluted. With access to some of the industry's highest levels of audio visual tech and innovative AV in the UK.

### Executive Support & Consultancy

By engaging our services and allowing TR Global Events to handle the on-site management of your project we will ensure your entire event is delivered in a timely manner and within budget.

### Security Management

The safety of you and your guests is paramount and TR Global Events have you covered, through our preferred working partners, we can offer accredited security agencies, who will provide your event a number of enforcement styles.

### Ground Handling & Transport Logistics

Using the very latest advanced planning software we fastidiously plan and deliver precise logistical information to our team on the ground; resources are in the right place at the right time. We manage the contracting of suppliers and oversee any procurement requirements, the movement of goods, transportation of delegates all Gantt progressed to ensure everything runs smoothly.
